bestselling author erich von däniken shares the story of a 16 year old grave diver who discovered a mysterious labyrinth of the old kings under one of the pyramids of saqqara in this book erich von däniken shares the story of his friend adel h an egyptologist who as a 16 year old boy was trapped for days under the step pyramid of saqqara based on his conversations with adel h he retells the boy s search for a way out of the underground world how the boy roamed passageways and chambers and saw what he calls impossible things of which the professional world is completely unaware adel experienced uncanny events a mixture of spirit realm and reality which is described here for the first time the story of egypt adel says has two sides the official one and the unknown one it is secrets like the sights and events adel experiences underground that von däniken refers to throughout this book von

däniken shows that the great pyramid of giza is nothing but a huge library created for the people of the future he proves his claim through quotes from the few ancient works that still survive who actually had an interest for millennia in destroying knowledge books it s not about a few thousand but about millions of books von däniken documents the fanatical destructive rage of the people and means if we would only have one ten thousandth of the former writings human prehistory would have to be completely rewritten and where are the lost labyrinths the one of crete and the gigantic labyrinth of egypt of which all ancient historians reported against the background of these revelations von däniken turns the spot on to another focus of his book a paradigm shift in the question of extraterrestrial life the gods have already come back they came down again they are currently orbiting our planet

discusses the relationship between the biblical prophet ezeziel s vision of wheels in the air and the present day end of time concept as seen in various religious sects

history is wrong will challenge your intellect and maybe a few long held beliefs this is erich von daniken s best book in years erich von daniken again shows his flair for revealing the truths that his contemporaries have missed after closely analyzing hundreds of ancient and apparently unrelated texts he is now ready to proclaim that human history is nothing like the world religions claim and he has the proof in history is wrong erich von daniken takes a closer look at the fascinating voynich manuscript which has defied all attempts at decryption since its discovery and makes some fascinating revelations about the equally incredible book of enoch von daniken also unearths the intriguing story of a lost subterranean labyrinth in ecuador that is said to be home to an extensive library of thousands of gold panels he supplies evidence that the metal library not only has links to the book of enoch but also to the mormons who have spent decades searching for it believing it to contain the history of their forefathers and what about the mysterious lines in the desert of nazca that look like landing strips when viewed from the air archeologists claim they are ancient procession routes think again cries von daniken as he reveals the data that the archeologists never even thought to check

all over the world there are fantastic ruins and objects that cannot be explained by conventional history archaeology or religion in the ground breaking chariots of the gods erich von daniken provides answers to these questions why do religious texts often refer to gods who descend from fiery chariots why do modern space launch sites look like constructions on the plains of nazca in peru was god an astronaut by looking at human history and the ruins of ancient civilisations with an open mind erich von daniken offers a new solution to these eternal mysteries in chariots of the gods why for instance do the world s sacred books describe gods who came down from the sky in fiery chariots and always promised to return how could an ancient sanskrit text contain an account which could only be of a journey in an alien craft compare photographs of american space centre launch sites to the constructions on the plains of nazca in peru in order to understand the mysteries which erich von

daniken has catalogued we must go back to these ancient relics with an open mind we must call in the resources and experience of sciences other than archaeology chariots of the gods is a provocative attempt to explain some of the universe s most interesting mysteries erich von daniken has spent a lifetime gathering evidence to prove that before the dawn of recorded history our ancestors were visited by an alien race erich von daniken was responsible for popularising the ancient astronaut hypothesis of human development orthodox historians have been sceptical but a vast public have been drawn to his ideas by instinctive interest and wonder his 26 books have sold over 60 million copies in over 40 languages

ancient humans had the natural urge to document the world in which they lived a fact that is evident in the cave paintings and carvings that still exist today why do rock paintings from various sites around the world all seem to depict the same things did the peoples of the prehistoric world have contact with each another is it possible that some were transported to far flung locations in what our ancestors could only have described as flying chariots erich von däniken one of the best selling authors of all time and regarded by many as the father of the ancient alien theory continues his mission to uncover earth s ancient past this time with more than 150 extraordinary full color photographs in evidence of the gods this extensively illustrated book features never before seen photographs from his unique archive compiled throughout decades of searching around the world for traces of the cosmic gods whom he believes came to earth thousands of years ago evidence of the gods offers the best and most impressive evidence to date along with concise explanations for the images to bolster the case that von däniken has already been making quite convincingly for years evidence of the gods is his most convincing and thoroughly entertaining work yet did extraterrestrial visitors really leave their unmistakable traces on our planet thousands of years ago the images will speak for themselves

the father of the ancient alien theory with more than 65 million books sold reveals everything he has withheld for years in all his years of service why didn t erich von däniken ever doubt his theory that inhabitants of other planets had come into contact with humanity ages ago and that they still observe us today how could von däniken in all these years say firmly that the ufo phenomenon is real and that people are being abducted by aliens why does he repeatedly criticize the official historiography and our religions and thus accept scorn and hostility the answers to these questions are because erich von däniken spoke to people who supported his theories because people who saw ufos or were kidnapped by aliens trusted him and because experts and insiders inaugurated secrets known to only a few people in this book the now 81 year old presents selected eyewitnesses and insiders for the first time reveals secrets and stories that he has hitherto kept private and presents reports and revelations that leave one speechless
